PROBE OFFICIALS ARRIVE IN CITY

Will Take Depositions in Case
of U. S. vs. Officials of the
Harriman Lines.

WITNESSES TO BE HEARD

COMBINATION IN VIOLATION OF
ANTI-TRUST LAW CHARGED.

Sylvester G. Williams of Denver, special assistant to United States Attorney General Wickham, arrived in the city yesterday and will start this morning to take depositions in the case of the United States against the alleged combine of western railroads under the control of E. H. Harriman. On Feb. 1, 1908, a suit in equity was filed in the United States circuit court by District Attorney H. E. Booth to enjoin a number of western railroads and their stockholders from continuing longer in an alleged combination in violation of the Sherman anti-trust law. The action was brought by District Attorney Booth under the direction of United States Attorney General Charles J. Bonaparte.

The following defendants are named in the bill: Union Pacific Railroad company, the Oregon Short Line Railroad company, Oregon Railway & Navigation company, San Pedro, Los Angeles & Salt Lake Railroad company, Southern Pacific Railroad company, Atchison, Topeka & Santa Fe Railroad company, Northern Pacific Railroad company, the Great Northern Railroad company, the Farmers Loan & Trust company, E. H. Harriman, Jacob Schiff, Otto H. Kahn, James Stillman, Henry H. Rogers, Henry C. Frick and William A. Clark.

In the complaint filed by District Attorney Booth several agreements, contracts and operations by the defendants, Harriman, Schiff, Frick, Rogers, Stillman, Kahn and Clark, are alleged and set forth in detail. These are alleged to have been entered into since Jan. 1, 1901.

For some months past Special Assistants Sylvester G. Williams and C. A. Severance have been taking testimony in the case at several points in the country. Their last session was held in Omaha some weeks ago, where depositions of various officials of the Harriman lines was taken. The bill asks that a perpetual injunction be issued against the individual defendants and their associate stockholders from carrying out any combination or conspiracy which they are alleged to have entered into.

Testimony will be taken today by Special Assistants Williams and Severance from officials of the Harriman lines in this city and district. The examination of witnesses will require some time, and will probably last two weeks.

MANY CASES OF PARALYSIS ARE CURABLE

This Kansas City Man Gives the
Tonic Treatment Entire Credit
for His Recovery.

There are still people who say that no form of partial paralysis can be cured. If you have partial paralysis or some other severe nervous disorder, do you think it is better to be treated by someone who insists that you are incurable, or to take a treatment that grateful patients throughout the United States testify has cured them?

Mr. J. B. Stinson, of No. 1740 Madison avenue, Kansas City, Mo., says: "In November, 1903, I was taken sick with severe pains through my chest and in the region of my heart. One morning, while working in the field, I was taken with worse pains than ever and before I could get back to the house, my legs seemed to be paralyzed and I could just hobble along and had to be helped up the steps. I was in bed for over two years and so helpless that I had to be turned over. I was completely paralyzed from just below my heart down. I had not a particle of feeling in this part of my body. I wasted away until I was just skin and bones. My appetite was good. My kidneys were affected and I had no control over them. During the time I was in bed I was perfectly helpless."

"I was living at Lees Summit, Mo., during my sickness and was treated by two doctors. Both said that my case was paralysis. Their medicine did not help me and they said I could not live. I began the use of Dr. Williams' Pink Pills. After awhile I began to have some control of my kidneys and bowels. I was finally able to get around in a wheel chair and kept improving until I was able to walk with a cane. Like a child, I had to learn to walk again. I can walk now without any effort and no one would ever know what my condition had been. I feel as well as I ever did before the stroke, with one exception. I am not strong enough to do heavy work or lifting."

The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthen the weakened nervous system has made hundreds of cures in the most severe nervous disorders.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

JAP LABORER IS KILLED BY TRAIN ON S. L. & O.

Run Down Near Beck's Hot Springs
—Remains Scattered Along
Tracks—Funeral Today.

H. Higa, a Japanese laborer 50 years of age, was struck and instantly killed by passenger train No. 4 on the Salt Lake & Ogden railroad shortly after 10 o'clock yesterday morning at a point near the Beck Hot Springs. Higa was thrown against the side of the cut and rolled back under the wheels of the coaches, where his body was literally cut to pieces.

Engineer T. E. Stewart first noted the man walking along the cross ties about 100 yards in advance of the train as they rounded the curve at the turn of the mountain. The whistle was blown, but when it became apparent that he would pay no attention, Engineer T. E. Stewart applied the emergency brakes. He was unable to bring the train to a stop.

The Salt Lake police department were notified of the accident and a special train carrying Sergeant Beckstead and Dr. M. R. Stewart was rushed to the scene of the tragedy. The remains, which were scattered for several rods along the tracks, were picked up and returned to this city.

Funeral services will be held from the O'Donnell undertaking establishment today. Higa is survived by a wife and five children in Tokio, Japan, from which city he recently came to this country.

GOVERNOR HONORED.

Executive Now Member of the Sierra Madre Club.

Governor William Spry has received notice of his election as an honorary member of the Sierra Madre club of Los Angeles, organized for the encouragement of the mining and oil industries. The formal notification was received from the secretary, Sidney Norman, on Monday.

ONLY HEAT RASH.

Policeman Guarding Smallpox Patient Gets Scared.

Policeman Gubbranson, in charge of William Edwards, a prisoner serving six months on a shoplifting charge and who is now in the pest house with an attack of smallpox, is considerably worried for fear that he may "break out." The officer, was supposed to be an immune, but yesterday he found that he was developing a beautifully red tint on various portions of his anatomy. Hurrying to the physician in charge he submitted himself for examination, and was told that he was suffering from a light attack of heat rash.

A portion of the city jail is still under rigid quarantine, but the entire building has been fumigated, and it is not believed that any further cases will appear. Edwards is doing well, and the physicians state that he will be able to return to the city prison within three weeks.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. F. J. Hill Drug Co.

Old Jewelry

Old Cameos, Corals, Amethysts and Topaz that you may possess in old style and unsightly mountings may be made beautiful and will assist largely in giving charm to your new costume, if brought to our designer for remounting.

Our designing and manufacturing department has grown to be a very important part of our establishment and designs, suggestions and estimates are given cheerfully without cost.

Semi-precious stone ornaments are almost necessary to complete the present up-to-date ladies' toilette and the most beautiful gem of all is VARISCITE, the exquisite green gem found in our own state.

We are the original distributors of Variscite and today control the only producing mine. We show this gem mounted in gold or unmounted, or will mount to order as desired.

We call particular attention to our general manufacturing and repair department, in which none but skilled workmen are employed. In this department we repair and make anything in silver, gold, platinum, brass and copper, repair clocks, watches, speedometers and other delicate instruments, engrave anything anywhere, and do them all right.

Phone 65, if anything in our line needs attention, and we will send our messenger for it and give it prompt and skillful attention.

Phone 65 for the correct time.
